We undertook the site visit as mentioned above for the proposed SME IPO of Namberdar Bio Fuels Limited.

Summary of Business:

Namberdar Bio Fuels Limited was incorporated on April 8, 2022 and is engaged in the manufacturing, trading, processing, and supply of biodiesel (B100) and its associated by-products, including crude glycerine and fatty acids. Biodiesel is a renewable and biodegradable fuel that can be used either in its pure form or blended with conventional diesel for industrial, commercial, and transportation applications. Its operations focus on the conversion of renewable and waste-based feedstocks, such as tallow (animal fats), used cooking oil, non-edible vegetable oils, acid oil, and other low-value inputs, into biodiesel and related products.
